### **PUBLIC RECORDS DISCLOSURE NOTICE**

Signatory acknowledges that the City is an agency governed by the public records disclosure requirements set forth in Chapter 42.56 RCW; therefore, all documents/information furnished to the City may be subject to public disclosure requests – unless exempted by law.

### **MARKET GUIDELINES**

#### **Annual Membership Fee and Market Acceptance Policy**

All vendors at the Issaquah Farmers Market must register annually with the market. The annual non-refundable membership fee for all vendor categories is \$60 for new vendors and \$45 for returning vendors. Each vendor must fill out an application and pay the annual fee to be considered eligible for a stall assignment. New vendors must have their items juried (approved) before being accepted into the market. Volunteer musicians & entertainment, per approval of Market Manager, will be exempt from the annual fee as will non-profit organizations, if advertising their product only, and no sales are conducted.

#### **Booth Fee Payment**

Payments will only be accepted week to week (no pre-paid option offered in the 2017 season).

**Week to week payments** will be charged at \$35 per 10'x10' stall. Fees are due weekly upon arrival and before booth set-up. Please have payment ready for the manager on duty at check-in. Any vendor that fails to pay the appropriate fee will not be allowed to participate in the market that day.

Make all checks payable to the "City of Issaquah". Checks or exact cash are preferred. Credit card / debit cards are not accepted. There is an ATM available in the barn lobby, if cash is needed.

#### **NSF Fees**

Any check written to the City of Issaquah that is returned from our bank as NSF ('Non Sufficient Funds') will be charged a \$40 NSF fee per check. The vendor will be notified of this status as soon as we are. The \$40 fee, plus original check amount, will need to be paid by cash or cashier's check within two weeks of notification, or upon re-entry to the market, whichever comes first. Payments by personal check will no longer be accepted after a check is returned as NSF.

#### **Market Dates and Hours**

The market will be open from 9:00 a.m. to 2:00 p.m. every Saturday beginning on May 6, 2017 thru September 30, 2017, rain or shine. Market staff will open for set-up at 6:30 a.m. All vendors must be ready for business by 9:00 a.m. each Saturday. The market opens at 9:00 a.m. Vendors have only one hour for clean up from 2:00 – 3:00 p.m. At 3:00 p.m. sharp, all booths and product must be removed from the grounds to allow for incoming rental events.

#### **Pre and Post Hours Selling and \$25 Fines**

Market selling hours are 9:00 a.m. to 2:00 p.m. Sales outside of these selling hours may be subject to a \$25 daily fine. There is a 15 minute grace period before 9:00 a.m. and after 2:00 p.m. to allow vendors to finish sales in progress.

**Vendor Selection** is at the discretion of the Market Manager and staff of the Issaquah Parks and Recreation Department. In an effort to control the quality and variety of items sold at the market, all new vendors must have their items juried (approved) by the vendor manager or market staff before acceptance and participation to the market.

All vendors will be selected on the basis of **quality of workmanship, means of creation, artistic resume, market enhancement** (how items will complement other vendors and the overall market environment), **skills needed to produce their products, and number of direct competitors already selling the same product**. The Market Manager has the right to refuse rental of stalls to any vendor who does not comply with the guidelines of the market.

**Stall Assignments** Stalls will be assigned to vendors based on the following **Priority Point System**:

1. Product Priority
2. Years in Market
3. Attendance from previous season and/or during current season (based on Green Slip submission)
4. Sales History
5. Lack of Commitment / No Shows

**Product Priority Rating based on Category and Market Enhancement:**

- (1) **Farmers** who grow fresh produce
- (2) **Nursery** those who grow plants and trees
- (3) **Flowers** those selling floral arrangements
- (4) **Processed Foods** – commercially non-potentially hazardous prepared foods or items used for cooking
- (5) **Concession Foods** – prepared on-site
- (6) **Crafters** – selling personally created pieces such as artwork, jewelry, soaps, etc.
- (7) **Other** those not fitting in another category but participation pre-approved by Market Manager

#### **Attendance Requirements**

Participation in the market can be a week to week decision. You are not required to commit to all 21 Saturdays in the 2017 season. Minimum attendance required is a total of 8 markets per season. Attendance is counted based on your COMPLETED Green Slips. You will need to turn in a Green Slip for your attendance to be counted for the day. If you do not attend 8 markets, you will no longer maintain returning vendor status and will be required to reapply as a new vendor for the 2017 season. If accepted into the market midway through the season, the minimum attendance requirement will be prorated. If you will not be able to meet this minimum because of a short selling season, crop issue, etc., then please contact our office to discuss. We reserve the right to waive the minimum attendance requirement on a case by case basis with our approval.

#### **Reserving your Booth Space**

There are four ways to reserve your booth space:

1. At the close of each market, complete and return to staff your Daily Sales Report – also known as your “Green Slip.” Indicate on the Green Slip the next market you plan to attend and your booth preferences.
  2. Register online on our website [www.issaquahwa.gov/market](http://www.issaquahwa.gov/market)
  3. Email Market Managers at [issaquahfarmersmarket@issaquahwa.gov](mailto:issaquahfarmersmarket@issaquahwa.gov)
  4. Call the vendor manager at (425) 837-3311 (leave a message)
- **ALL reservations must be received by 2:00 p.m. on the Thursday prior to that Saturday’s market.**
  - **Reservations received AFTER 2:00 p.m. on Thursday will be accepted Saturday morning upon check-in based on a space available basis only.**
  - **Reservations not fulfilled will result in a NO SHOW penalty, if not cancelled by 2:00 pm on the Thursday prior to the Saturday’s market.**
  - **The NO SHOW penalty fee is \$35 for booth spaces held.**
  - **The market staff is not responsible for saving a booth space for a vendor that has not requested a booth space using one of four methods above.**

#### **Cancellations and Penalties – This policy will be enforced throughout the 2017 Market Season**

Vendors will be charged and held responsible for paying the \$35 no show penalty fee for any weekly reservation previously made and not cancelled by **2:00 p.m. on Thursday**. The \$35 no show penalty fee will be due at entry of the next attended market, in addition to the regular daily booth fee, before entry is permitted. If another market is not attended after the late cancellation is made, the vendor will be invoiced for balance due. All balances due must be paid within 30 days of market no show date.

**\*\*No shows hurt the credibility of the market and negatively affect all vendors. If this becomes a reoccurrence, this may be grounds for termination from the market.\*\***

### **Crafters vs. Resellers**

Vendors who are considered crafters at the Issaquah Farmers Market must hand make, grow, craft or process what they sell in the State of Washington. The maker of this product must also be the person onsite selling this product. We do not accept any resellers, franchisees, or products sold by independent consultants.

### **Product Quality**

No used or antique items will be sold at the market. Antiques or used items may only be sold on labeled special event days designated by the Market Manager.

All products offered for sale at the Issaquah Farmers Market shall be subject to inspection and approval by the Market Manager. If any items are deemed not "fitting" or unsafe for family usage, or have not been grown or produced by the vendor, the vendor may be asked to remove such items. Vendors must comply with such requests or they will be asked to immediately leave the market.

### **Issaquah-based Businesses**

The Issaquah Farmers Market supports local, Issaquah-based businesses. We allot three vendor booths each year specifically for Issaquah-based businesses. Issaquah-based businesses must meet the same requirements as all other vendors. All products must be grown, raised, produced and/or gathered by the vendor in the State of Washington. Vendors who are considered crafters must grow, hand make, craft or process what they sell.

### **Stall Details and Designated Representatives**

Each stall will be approximately 10'x10' outdoors. If a vendor's stall covers more than one selling stall area, the vendor will be charged accordingly. A maximum of 3 stalls (\$35 each) may be purchased per vendor each market on a space available basis. Vendors are asked to be present in their stalls each week they attend. An exception may be granted to farmers and processors offering perishable products that attract regular weekly customers. Such farmers and processors may be allowed to have a designated representative selling their items at the market, with prior approval. Vendors must submit the email address of their designated representative before the start of the market or before the first time he/she sells on behalf of the vendor.

### **Electrical Needs and Charges**

Electricity to vendors outside is available upon request and prior approval. Requests for electrical access must be made at time of registration. The Electricity Information section of application must be completed and submitted at time of request. Outdoor booths requesting electrical access will be charged a \$100 non-refundable annual electrical fee for their booth. Electricity outside is extremely limited in both quantity of receptacles and power. New vendors may not be eligible for electrical access and should be prepared to use an alternative source of power, if necessary.

### **Stall Set-up**

**Vendors must first check-in with the Market Staff at the designated market entry location to receive their stall assignment and to pay their daily rental fees BEFORE SETTING UP.** Violation of this request slows the market check-in process and may be grounds for removal from the market.

- Stall assignments are not permanent from week to week or throughout the duration of the season.
- Market Manager has the right to rearrange stall layout and assignment at any time.
- Stall assignments will be made based on the Priority Point System and special accommodations required such as location of competitors, electrical needs, weather restraints, and booth configurations, etc.

Due to limited space, vendors are asked to unload their vehicles and park in the designated lot before unpacking boxes or beginning to arrange displays. Please be considerate of other vendors trying to unload. No vendor can begin set up after 8:30 a.m. with the exception of mobile food trucks. **All vehicles must be moved from the market selling area by 8:45 a.m.** and parked in the parking garage (in designated vendor parking area), the lower lot vendor parking or in assigned handicapped / limited mobility spaces if approved. A cleaning fee will be assessed for any stalls that need to be cleaned at the end of the market day. ### **Exiting Expectations**

Vendors are expected to be packed and exiting from the facility and its grounds at 3:00 p.m. After every market, an incoming rental (most always a wedding) will be arriving on the property at 3:00 p.m. At this time, their paid rental begins and they will receive full access and right to the building, exterior grounds and parking lot. Market staff implement exiting strategies and monitoring each week to improve the traffic flow and safety during check out.

### **Daily Sales Report (Green Slip)**

Each vendor will be asked to fill out and return a sales report at the end of each market day known as a "Green Slip". This report will be used to track market volume and vendor attendance. Figures compiled will also be used in educating the public about the market and developing support from possible advertisers. Please fill out the report as accurately as possible. Please don't just write the same number week after week. If a vendor feels uncomfortable counting money at the booth, please feel free to ask market staff for a private location inside the Barn. Vendors are to complete sales reports just prior to beginning stall take down. Notification of the next market a vendor will be attending, as well as booth location preferences can also be noted on the sales report. Vendors must turn in a Green Slip for market attendance to count towards the minimum attendance requirement.

### **Compostable Serving Materials Law**

The City of Issaquah adopted a new law on Food Service Packaging and Recycling on October 1, 2010. This law prohibits food service businesses (market vendors included) from using polystyrene foam (Styrofoam™) and non-recyclable or non-compostable packaging and service ware in connection with food service in Issaquah (including the Issaquah Farmers Market). Businesses must also participate in a commercial food waste recycling program or provide recycling and compost containers for consumers and ensure materials are recycled or composted (provided by Issaquah Farmers Market Management). Foods that are pre-packaged before they are received by a business are not included in this law.

Reducing garbage through compost and recycling can save businesses up to 50% or more on garbage service costs and can lead to devastating environment effects such as pollution and harm to animal life. A full list of compostable products is available online at [www.cedar-grove.com/acceptable/Accepted%20List.asp](http://www.cedar-grove.com/acceptable/Accepted%20List.asp) or by calling (425) 837-3400.

Food can only be handled with tongs, bakery papers, scoops, or disposable rubber/plastic gloves. Bare hand contact with food is not allowed. Cutting implements are to be changed or washed every two hours with soap, running water and paper towels. Potentially hazardous food can be sampled only as long as they are kept in the correct hot or cold temperature zone, and utensils are used.
